

# KEN ANDREI ONG

Full-Stack Developer · React / Next.js · Django / FastAPI · React Native

09694326436 | okenandrei@gmail.com | linkedin.com/in/ken-andreiong-43569b236 | Mabalacat, Philippines · Open to Remote

## SUMMARY

---

Full-Stack Developer with production experience across the modern JavaScript and Python stack — React, Next.js, and React Native on the front end; Django REST Framework and FastAPI on the back end. Shipped features for international clients (Canada / remote teams), served as a mobile sub-lead coordinating a team, and delivered scalable REST APIs and responsive UIs. CompTIA ITF+ certified, completing a B.Tech in Information Technology (AMA University, July 2026). Strong in Git-based team workflows and focused on building efficient, maintainable products.

## TECHNICAL SKILLS

---

**Frontend:** React, Next.js, React Native, TypeScript, JavaScript, HTML, CSS, Angular

**Backend:** Django REST Framework, FastAPI, RESTful API design, authentication / authorization

**Mobile:** React Native, Flutter, Firebase (Firestore / Realtime Database)

**Databases:** PostgreSQL, MongoDB

**Tools:** Git, GitHub, pull requests, code reviews, Agile / team collaboration

## EXPERIENCE

---

### Mobile Application Developer (Sub-Lead) · Codebility

Philippines (Remote) | Dec 2025 – Present

- Served as Sub-Lead for the Prixu mobile app team — planned sprints, broke features into tasks, and coordinated progress across 4 teammates.
- Built 12 React Native screens and reusable components from wireframes, ensuring consistent UI/UX and smooth navigation flows.
- Integrated Firebase (Firestore / Realtime Database) for real-time CRUD operations and data sync across the app.
- Debugged performance issues and drove Git workflows (branching, pull requests, code reviews).

### Web Developer (OJT) · Hiraya Interactive

Philippines | Jul 2025 – Oct 2025

- Developed and maintained backend features with Django and FastAPI, delivering a scalable, maintainable architecture.
- Designed and shipped 10 RESTful API endpoints (CRUD) with request validation and authentication / authorization.
- Translated UI wireframes into structured API endpoints, aligning frontend requirements with backend data models.
- Collaborated in team-based Git workflows and documented backend systems for the team.

### Junior Front-End Developer · Pink Robot

Canada (Remote) | Nov 2023 – May 2024

- Built and optimized responsive interfaces with React, Angular, HTML, CSS, and JavaScript for international clients (Revivity Painting, BCHU).
- Delivered scalable, high-performance features tailored to each client's requirements, improving overall user experience.
- Collaborated with cross-functional teams to ship new features and triage / resolve bugs.

## EDUCATION

---

**B.Tech in Information Technology** · AMA University, Philippines | Aug 2022 – Jul 2026 (Expected)

## CERTIFICATIONS

---

CompTIA IT Fundamentals (ITF+) · CCNA · Cisco Junior Cybersecurity Analyst Path
